Dear Mr. Quigley:

The Division is in the process of reviewing Lee Mining's MR-1 resubmittal and attached maps. An approval to file the MR-4 Form (Declaration of Exemption) to begin mill construction only is granted with the following stipulations:

1. That two acres or less are disturbed.
2. That the total extent of the disturbed acreage, and any other concerns of the Division be properly addressed, finalized and the proper bond amount posted before additional construction or milling commences.

If you have any questions please contact me.

Sincerely,
